Available Options for Arc Charts

There are a number of options available for an individual arc chart.

Filter Tab

First, if you wish to filter the data that displays for an individual arc chart, click **Filter** to the right of the element and use the logic builder. Learn more about filtering an individual element .

- If you wish to display the specific details of your filters below your chart check the **Show Details of Filter with Report Element** checkbox below the logic builder.
- You will also see an option to filter this element by **Survey Link or Campaign**. This filter option will allow you to only include data in this element that was collected via a specific link (or links).

Chart Type Tab

If you want to convert your Arc Chart to another compatible chart type, click **Chart Type** to the right of the element and select a different chart type from the available options.

Layout & Options Tab

To explore even more options, review the settings available within the **Layout & Options** section.

Question Options

- **Chart** - Include or exclude the main chart.
