

Export Your Survey as Accessible Text

If you need to create an export of your survey in **Accessible Text** (meaning it can be printed on a Braille printer), you can do so by exporting your survey to Word. To export your data to Accessible Text, please follow these easy steps:

1. Within your a given survey go to **Tools > Download Survey > Download Word File**.
2. Once you open the file in Word, select **File > Save As**.
3. In the **Save As Type** or **Format** fields select **Plain Text**.
